

# Comprehensive **Cybersecurity** Technology for Critical Power Infrastructure **AI-Based** Centralized Defense and Edge Resilience

Task 19  
Coordination and management

## Task 19: Education Coordination, Marketing

Recently we started on online seminar series and a few dozen participants have been and will be part of this.

Student exchange has not really created the exchange we hoped for because of Covid 19 but now we will push for this

Coordination has been functioning with the great leadership of Yang and Rami

Marketing should start as we get products
